

How do I give a student access to uPAR using a username and password?

Last Modified on Monday, 15-Apr-2024 15:33:42 BST

1. Select "Manage students".
2. Select "Add Students".
3. Type the username into the line that says "Student's email or username".
4. Click on Next.
5. Enter in the students name and password.
6. Click on Create.

The student can now login to: startpar.com
